Forecast for Friday 02 Apr 2021

Weather: A dry, but rather cloudy start to the morning with occasional sunny spells, especially on western slopes. Frequent bright or sunny spells developing for all parts by the end of the morning leaving a fine afternoon and evening with generally light winds, except near summits.

Chance of cloud free mountain/hill tops above 600m: 100%, but 70% until mid-morning on eastern slopes.

Visibility: Perhaps a few patches of low cloud above 450-600m on eastern summits at first, though soon clearing. Some slight haze at low elevations. Otherwise very good or excellent clarity throughout.
